

EXOTERIC SURFACES

TRANSFORMING SPACES TO PERFECTION

Company Profile

ABOUT US

We, Exoteric Surfaces, are the perfect end for customers who look for choosing the finest selection of wall and floor tiles. As our Tagline is “TRANSFORMING SPACES TO PERFECTION” and so do we believe it. We strive to give the best materials at the lowest prices along with a pleasant experience and unmatched after-sales-service.

We endure gratification for every experience that we offer, created to share something truly meaningful. Perfection doesn't exist, but we promise you a better product experience.

OUR PHILOSOPHY

We focus on delivering awe-inspiring products with high-end finishes which is clearly evident from our 3Cs Design Philosophy: to Contrive, Create, and Customize. Our philosophy forms the building block of EXOTERIC SURFACES brand positioning which motivates us to deliver aesthetical and functional value to customers of this new and futuristic millennium.

SERVICES

WHO WE ARE

We are happy to introduce ourselves as a full service building service and facade consultant that provides turnkey solutions for Facade, structural glazing, curtain wall, aluminium doors and windows, Railings, Tiles, Ms /SS framework and many more solutions.

WHAT WE DO

For the retail and building industries, we have been offering services for the development and installation of structural glazing systems, Thin tile building cladding, glass facades, aluminum doors and windows provide turnkey facade solutions.

TURNKEY FACADE SOLUTIONS

Turnkey project is one which is designed, developed and equipped with all facilities by a company under a contract. It is handed over to a buyer when it becomes ready to operate business. Obviously, the company responsible for building a turnkey project does it for the cost as agreed in the contract.

PORCELAIN THIN TILES

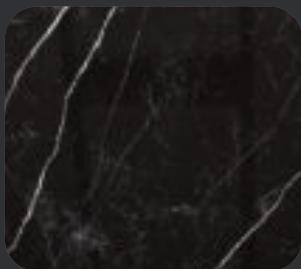

Porcelain is a versatile and low maintenance choice. Specially recommend for external Facade because of its unique features.

We at Exoteric Surfaces has luxurious and extravagant porcelain slab with a cord of simplicity, elegance and practicality to complement your style perfectly.

1000×3000×3MM

1200×2400×6MM

600×1200MM

FLOORING

Floor covering is a term to generically describe any finish material applied over a floor structure to provide a walking surface. Both terms are used interchangeably but floor covering refers more to loose-laid materials.

Types of Floorings

- Laminate Floorings
- Hardwood Floorings

LOUVERS

One of the most requested products from architects and designers. This cladding system has a high aesthetic impact since it perfectly combines the elegance of wood and the innovation of aluminum.

Exterior Louvers

Aluminium •
WPC •
ACP, etc •

Interior Louvers

Aluminium •
WPC, others •

RAILINGS

Railing is most important part of any residential, commercial and any type of building facade as well as interior. We deal in Glass railings as well as SS railing.

Types of railings:

1. Straight Line Glass Railing (Aluminum Base)
2. Tilted Glass railing (Aluminum Base)
3. S.S. Railing, M.S Railing

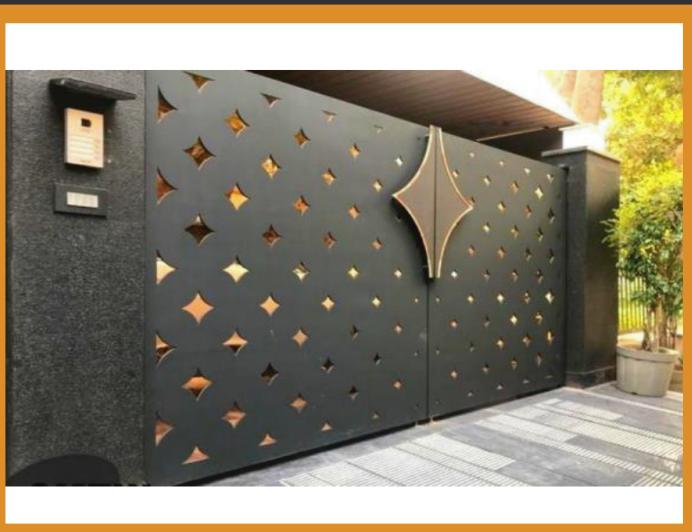

MAIN ENTRANCE DOOR

Main Entrance door is a Most Important part of any Building. Today Main doors are important part for a buildings design its also includes as a part of house or buildings beauty.

We always focused to give a best design and quality door to the house, which enhance your house entrance.

Gate we Provide:

- Aluminium Louver Profile gate
- S.S. Gate with Many combinations (HPL, WOOD, ACP)
- MS Gates.

ALUMINIUM & UPVC WINDOWS

When we design the facade the Doors and windows are the most important part of the house for the safety or Privacy reason. So as a facade company we also provide the best window and door solutions. We majorly provide Aluminium and UPVC windows

JAALIS

Jaalis is the term for a perforated stone or latticed screen, usually with an ornamental pattern constructed through the use of calligraphy, geometry or natural patterns. This form of architectural decoration is common in Indo-Islamic architecture and more generally in Indian architecture. They play an important role in elevating your house interior.

Types of Jaalis

- Aluminium •
- SS Stone, others •

GLAZING SYSTEM

In their simplest form, are types of curtain wall systems consisting of glass that is bonded or anchored back to a structure without the use of continuously gasketed aluminum pressure plates or caps. Structurally glazed systems create a greater transparency than traditional captured systems.

There are less visual interruptions due to the lack of metal on the exterior (and potentially the interior), creating a seamless, continuous glass look.

Types of Glazing Systems

- Semi unitised glazing
- Unitised glazing
- Partition glazing
- Entrances
- glazing assembly – Partition Entrances & Doors
- Cable and tension structured glazed systems, and Sunroofs

CLADDING SYSTEM

Cladding is an envelope that protects the exterior of a structure by acting as a shield to the dwelling unit/structure from environmental elements.

Types of Cladding System

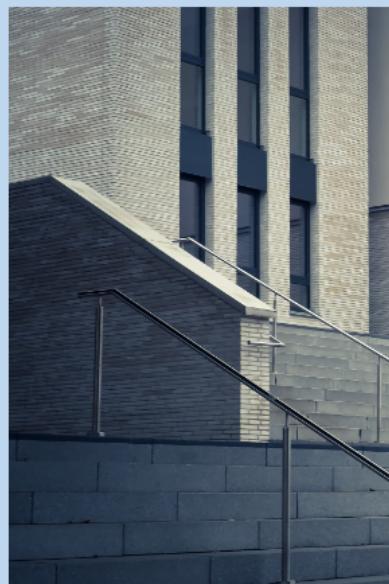

- Aluminium Composite Panel Cladding
- Fundermax/High pressure laminate
- Aluminium Louvers
- Stone Cladding
- Dry Cladding Systems
- Panel Cladding – Certified Installers
- Aluminium Solid Sheet Cladding – CNC Routed Panel tray system

FABRICATON

We have a fabrication division that is complimentary to your special needs, Many times customized fabrication is needed to achieve desired design that goes with surroundings and optimisation of space.

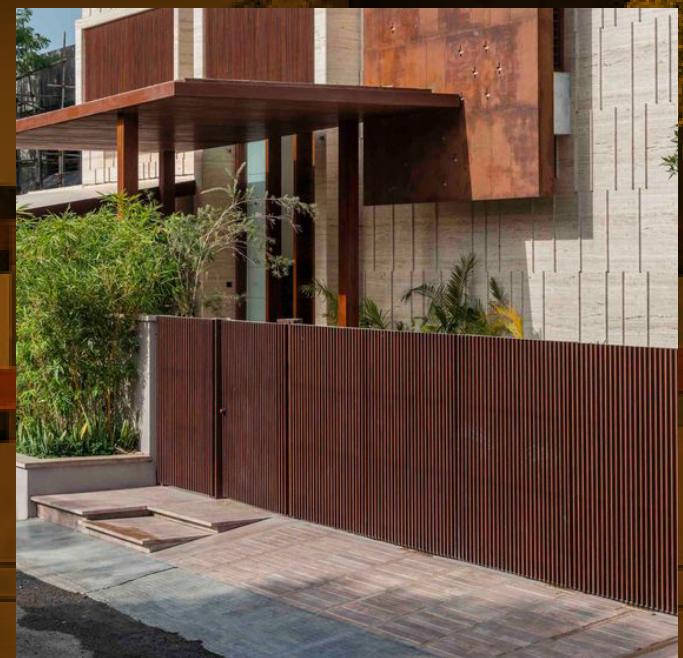

Custome fabrication services involving MS , Aluminium stainless steel & structural steel.
